

Astrophysics Science Division's

2024 Peer Awards

AKINOLA BENTHAM

For providing the muscle to enforce a vision of a usable and friendly Intern Haven,
moving tons of our once treasured possessions to more suitable situations.

Robert Petre
Director
Astrophysics Science Division

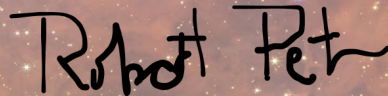

Astrophysics Science Division's

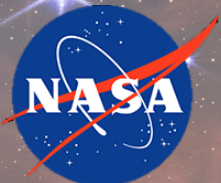

2024 Peer Awards

OZELL HARRIS

For providing the muscle to enforce a vision of a usable and friendly Intern Haven,
moving tons of our once treasured possessions to more suitable situations.

Robert Petre
Director
Astrophysics Science Division

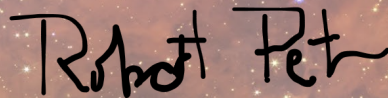

Astrophysics Science Division's

2024 Peer Awards

BARB MATTSON

For your steadfast leadership of the Goddard AstroComms team and contributions to their successes, including the popular annual Black Hole Week event.

Robert Petre
Director
Astrophysics Science Division

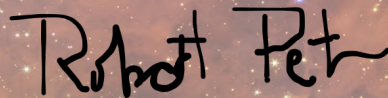

Astrophysics Science Division's

2024 Peer Awards

BRAD CENKO

For your exceptional dedication, compassion, and support towards our colleague, Scott Barthelmy, during a critical period in his life.

Robert Petre
Director
Astrophysics Science Division

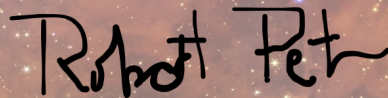

Astrophysics Science Division's

2024 Peer Awards

CLAIRE ANDREOLI

For your dedication and perseverance in getting our astrophysics missions' stories to the world, and managing a huge workload that is only increasing over time.

Robert Petre
Director
Astrophysics Science Division

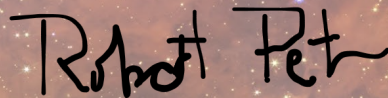

Astrophysics Science Division's

2024 Peer Awards

F. SCOTT PORTER

For your indefatigable productivity in many activities, notably XRISM/Resolve calibration, laboratory astrophysics, and LEM mission formulation, while being a team player in each of your endeavors.

Robert Petre
Director
Astrophysics Science Division

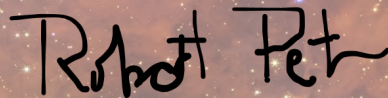

Astrophysics Science Division's

2024 Peer Awards

FRANK REDDY

For your outstanding persistence in collecting drone footage of NASA centers and projects for anyone to use.

Robert Petre
Director
Astrophysics Science Division

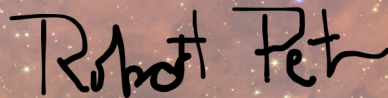

Astrophysics Science Division's

2024 Peer Awards

J.D. MYERS

For your consistent exemplary support for the HEASARC peer reviews by developing code, training personnel, presenting results, and attending in-person reviews solo when required.

Robert Petre
Director
Astrophysics Science Division

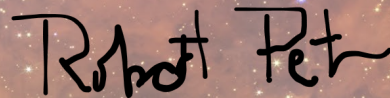

Astrophysics Science Division's

2024 Peer Awards

JAY FRIEDLANDER

For your outstanding and tireless setup and troubleshooting for meetings of all sizes in Building 34, juggling parliaments of owls and bridges of Teams.

Robert Petre
Director
Astrophysics Science Division

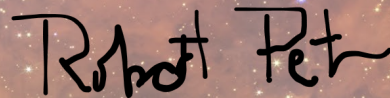

Astrophysics Science Division's

2024 Peer Awards

KATHERINE MCKEE

For your outstanding dedication and community spirit while providing exceptional support and a positive work environment for the NASA-PEER program.

Robert Petre
Director
Astrophysics Science Division

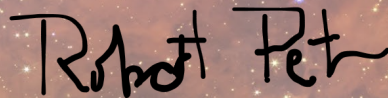

Astrophysics Science Division's

2024 Peer Awards

KAVITHA ARUR

For excellence in building and leading the IXPE General Observer Facility, including organization of IXPE's first GO program cycle on a compressed timeline and for being an inspiration.

Robert Petre
Director
Astrophysics Science Division

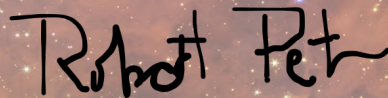

Astrophysics Science Division's

2024 Peer Awards

MAKOTA SASAKI

For your significant contributions and broad expertise to many astroparticle physics projects in ASD, particularly in Code 661.

Robert Petre
Director
Astrophysics Science Division

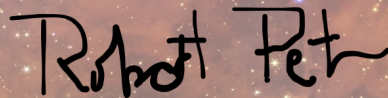

Astrophysics Science Division's

2024 Peer Awards

MARYAM RAHMANI

In recognition and gratitude for your community initiative of organizing the renewed and improved ASD coffee and snacks club, hereby fostering a warm atmosphere of community and inclusion for scientists and staff across ASD.

Robert Petre
Director
Astrophysics Science Division

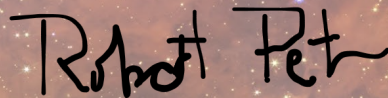

Astrophysics Science Division's

2024 Peer Awards

TERESA MONSUE

In recognition and gratitude for your community initiative of organizing the renewed and improved ASD coffee and snacks club, hereby fostering a warm atmosphere of community and inclusion for scientists and staff across ASD.
